

# ENCORE

## Premium Water Filtration

Get the freshest, cleanest, purest drinking water at your fingertips. Our **TwistPro** reverse osmosis systems are quick to install and effortless to maintain.

Designed to be simple, these filters are Twist 'N Toss, replacing them is easy with a twist of your wrist. They are also very efficient at removing up to 99% contaminants from your drinking water.

There is an optional refrigerator and ice-maker kit available on request.

## Exclusive Special Features:

### Shok Blok

This valve protects your system from water hammering and water pressure spikes.

### Flowlok

Get peace of mind with this leak detection device. If a leak is detected, it turns off the water flow automatically.

*Water The Way Nature Intended*
